IN RE: Application of Driftwood Developers) ORDER
Request to Abandon Sewer System on) WAIVING
Lake Greenwood, Greenwood County.) REGULATION

This matter comes before the Public Service Commission of South Carolina (the Commission) on the July 21, 1995 request of counsel for Driftwood Developers to waive Commission Regulation 103-872 (A) which relates to the size of exhibits.

The attorney's July 21, 1995 letter stated that he intended to offer an exhibit larger than 8 1/2 inches by 11 inches which is a size required by Regulation 103-872 (A). The attorney therefore requests that since he wishes to present a plat of the neighborhood served by his system that is larger than 8 1/2 inches by 11 inches, he requests a waiver of the Commission's size regulation.

Pursuant to Commission Regulation 103-803, the Commission may waive compliance with a regulation when it produces unusual hardship or difficulty and a finding by the Commission that such a waiver is in the public interest. The Commission has examined this matter and believes that counsel for Driftwood Developers has met these criteria and therefore the requested waiver should be granted.

In addition the attorney for Driftwood Developers requests

that he not be required to serve the oversized exhibit on the parties. The Commission has also examined this matter and believes that the request of the attorney should be granted. This Order shall remain in full force and effect until further Order of the Commission.
